RESPONSE TO RESTRICTION REQUIREMENT

Sir:

In response to the Species Election Requirement dated July 20, 2009 in the above-referenced patent application, the Applicants hereby elect for prosecution Species II, without traverse. The claims readable on the elected Species include claims 14 and 22, directed to a Hall effect sensor. Applicant believes that the Office Action intended to identify claims 14 and 22 as belonging to Species II, rather than claims 21 and 22.

The applicants request substantive examination on claims 14 and 22.

In connection with this matter, please charge any otherwise unpaid fees which may be due or credit any overpayment to Deposit Account No. 501798.

Respectfully submitted,
